

Product Information Sheet

19% HutchBuster R50 w/ Neo Tech (product #C2000)

19% HutchBuster R50 w/ Neo Tech

About the Product:

19% Hutch Buster is a quality texturized calf starter. Hutch Buster is designed to be fed from day two until transferred to Rip N Fine grower after weaning. Hutch Buster is formulated using high quality ingredients to promote intake, growth and digestibility.

Benefits of Supplements:

- Steam Flaked Corn allows for better digestibility in the new forming rumen of the calf.
- Oats provide a source of soluble fiber.
- 34% Supplement pellet contain balanced amino acids and is used only from plant proteins which are easily digestible by calves. Balances levels of vitamins and mineral specific for the start of calve rumination to help achieve excellent animal development, performance and feed efficiency

Feeding Directions:

Feed Hutch Buster from day 2 until transition to grower feed after the calf is weaned. Feed as much as the calf will eat—keeping feed fresh twice a day. Start with a small handful increasing the amount as the calf consumes more. Feed up to 6 pounds per day. Always provide fresh clean water.

NeoTec™ is advanced calf nutrition, a research-proven blend of essential nutrients every calf needs to grow to her peak. NeoTec4™ provides essential fatty acids to support the immune system and promote optimal body weight gain, structural growth and feed efficiency. And NeoTec5g® has three added factors to help digestion, metabolism and absorption.
