

GFS 22% Calf Starter R50

Product #CF2003

About the Product:

22% Calf Starter is just another form of our HutchBuster calf starter but with more 34% calf pellets than corn to boost the protein and overall growth and performance of calves.

Benefits of Supplements:

Steam flaked corn allows for better digestibility in the new forming rumen on the calf. Oats provide a source of soluble fiber. The 34% supplement pellet contains balanced levels of vitamins and mineral specific for the start of calve rumination to help achieve excellent animal development, performance, and feed efficiency.
