

# GFS Heifer Mineral R1440

## Product #HF3001 & #HF3002 (with Fly Control)

### About the Product:

GFS Heifer Mineral R1440 is high quality premix for dairy young stock. It is formulated for replacement heifer rations where vitamin and trace mineral requirements are not met by other supplements or minerals. Feed at the rate of 4 ounces per head per day. GFS Heifer Mineral R1440 is medicated with Rumensin® for increase rate of weight gain.

### Trace minerals highly Fortified:

GFS Heifer Mineral R1440 is formulated using Redmond Salt which provides a unique balance of additional colloidal trace minerals. This balance of micro and macro trace minerals in GFS Heifer Mineral R1440 provides the building blocks for a healthier heifer which can reach their genetic potential.

### High Vitamin A, D and E Fortification:

GFS Heifer Mineral R1440 is designed to provide high levels of Vitamin A, D, and E to improved growth, reproduction, and immunity.
